

Introduction to the Warranty and Support Process: USA & Canada

Thank you for choosing Ai-Media to assist with your captioning needs. This information sheet outlines the process for our Warranty and Support services for encoders.

1 INTRODUCTION

This section is provided as a guide only. The legally binding Global Terms may be found on our public website [here \(https://www.ai-media.tv/global-terms/\)](https://www.ai-media.tv/global-terms/). Nothing in this guide affects the operation of Global Terms. These Global Terms will be superseded in the event that the parties enter into a Master Services Agreement in respect of the products and/or services provided. To avoid doubt and only to the extent applicable, these terms remain subject to relevant consumer law and regulations (if any).

1.1 Physical Encoders - Warranty and Support (Year 1)

- This first year is referred to as Warranty and Support. The Warranty and Support start date begins on the date that the physical encoder is shipped from Ai-Media facility.
- For eligible hardware repairs, Warranty includes the repair of the physical hardware and return shipping, at no cost to the Customer.
- The Warranty includes technical support, as well as firmware upgrades and updates.
- Reference [APPENDIX A: PRODUCT LIBRARY](#) for the full list of encoders.

1.2 Physical Encoders – Annual Support (Year 2 and after)

- During these subsequent years of ownership, services are referred to as 'Annual Support.'
- 'Annual Support' commences with payment confirmation of the subsequent year 'Annual Support' and subsequent years commence on the first calendar day after the completion of the completed 'Warranty' or previously purchased 'Annual Support'
- Support encompasses eligible repairs of physical hardware at a 'capped' price¹, firmware upgrades and technical support.

1.3 Virtual and Cloud-based Encoders - Annual Support

- Annual Support commences on:
 - Year 1: the date of the delivery of the virtual subscription
 - Years 2 and after: with payment confirmation of the subsequent year 'Annual Support' and subsequent years commence on the first calendar day after the completion of the previously purchased 'Annual Support'
- Annual Support encompasses software upgrades and updates, as well as technical support.
- Reference [APPENDIX A: PRODUCT LIBRARY](#) for the full list of encoders.

¹ The 'capped' repair price is only valid for year 2-5 inclusive. A Quote will be provided, not to exceed the 'capped price,' and payment required prior to commencement of repair services. At and beyond Year six (6) of ownership, hardware repairs are uncapped.

3 ANNUAL SUPPORT RENEWAL PROCESS

- Support must be purchased in 1-year increments to continue support services on the encoder following the first year of ownership.
- Approximately 60 to 90 -days prior to the end of the Warranty or Annual Support period, Ai-Media will provide an invoice detailing the cost to commence / continue Annual Support.
- To purchase multiple years of support (i.e., purchase in advance for outlying years at the current price), contact your Sales representative.
- Following receipt of payment, Annual Support will commence / continue.

4 FREQUENTLY ASKED QUESTIONS (FAQS)

- QUESTION: Post my first year of ownership, can I get a firmware or software upgrade if I have not purchased Annual Support?

ANSWER: An active Annual Support contract is required for firmware and software upgrades. If you do not have an active Annual Support contract, an Invoice will be provided to you to purchase Annual Support.

- QUESTION: My hardware needs repaired, and I do not have an active Warranty or Annual Support. How much will it cost to repair?

ANSWER: Once the encoder is received at Ai-Media's facility, an engineering and/or support team member will examine your machine and provide an Invoice for repair services. You may accept or reject the Invoice. Repair work will not commence until the Invoice is paid.

Introduction to the Warranty and Support Process: USA & Canada

- **QUESTION:** My hardware needs repaired, and I do not have an active Warranty or Annual Support. I've received an Invoice and the cost to repair is greater than the current 'capped price' in Annual Support. Can I buy Annual Support at this time?
 ANSWER: Annual Support for the current year and backpay for all previous years may be purchased at this time. An Invoice will be provided for all relevant years. Repair work will not commence until the Invoice is paid.
- **QUESTION:** Do you offer loan equipment whilst my unit is away for repair?
 ANSWER: Yes, loan equipment is available as part of Warranty and Annual Support. Ai-Media will work with you to determine the appropriate resolution.
